

CPSTT

Clear Tandem Full Height Turnstile

The CPSTT is our most stylish tandem full height turnstile. Clear arms and side panels improve visual site lines and provide a less industrial look than a traditional all-metal turnstile. No other full height product comes close to the quality, looks and performance of the CPSTT.

Product Features

- Single or bi-directional access control
- Either rotation direction can be fail-safe or fail-secure
- Safe, controlled rotation that adjusts to pushing force of user
- UL and CSA listed, CE marked

Product Benefits

- Integrates with any access control system
- Provides single user passage control
- Helps reduce staffing requirements
- Highly reliable; provides long term continuous use
- Space saving design requires approximately 30" less side to side installation space than two individual turnstiles

Additional resources, including specifications, installation manuals and drawings can be found online.

Available Models

CPSTT-6X | Electric

Common Applications

- Time and attendance integration
- Loss prevention
- Employee and visitor access control
- Unmanned point of entry
- Single direction control and/or one-way exiting

Typical Installation Sites

- Corporate facilities
- Secured government facilities
- Distribution centers
- Manufacturing plants

Options

- Proximity and biometric reader integration
